Ulink2U[©]

Presenting Ulink's centralized learning application, aimed at revolutionising the quality of education in rural and urban schools through the innovative integration of multiple creation and coding platforms all in one Hub.

This offer includes, but is not limited to:

- Centralized Hub
- Content Locker
- Access to tutorials on Coding and creation applications, such as Scratch and Blender
- Full access to ThingLink
- Admin access for staff members

For every 20 learners signing up, Ulink gives 2% back into your school!

Stand a chance to win prizes in our bi-yearly competitions!

Like a magical portal, the Ulink2U app allows students to team up, boost their brainpower and swap knowledge.
